1961-62 Academic Year Begins September 11, 1961
HISTORY AND LOCATION OF THE COLLEGE

In January, 1953, the Liaison Committee of the California State Board of Education and The Regents of the University of California prepared a report on the need for a state college in the northern San Joaquin Valley. The area considered included Stanislaus, San Joaquin, Merced, Calaveras, Tuolumne, and Mariposa Counties.

Funds for site acquisition for a new state college in Stanislaus County were appropriated by Chapter 1681, Statutes of 1957. On December 9, 1959, the State Public Works Board selected a site of 220 acres approximately 1 mile north of the City of Turlock to be the permanent home of this college. At the beginning of the academic year 1960-61, Stanislaus State College will begin operation in rented facilities at the Stanislaus County Fair Grounds in Turlock. It is anticipated that the college will occupy permanent facilities in approximately three years.

During the first year of operation the college will offer programs in Business, Teacher Education, English, Mathematics and Science, Fine Arts, and Social Science. Rapid expansion of the program is anticipated although it must be necessarily limited to upper division and graduate work until such time as the college occupies facilities on the permanent site.

CURRICULA AND DEGREES

During the initial year of operation Stanislaus State College will be approved by the State Board of Education to offer the bachelor of arts (B.A.) degree and the bachelor of education (B.Ed.) degree, as well as to offer courses of instruction leading to the master of arts (M.A.) degree. Regular programs are designed for:

1. Junior and senior students preparing for elementary or secondary teaching.
2. Students who are graduates of accredited institutions and are preparing for elementary or secondary school teaching and/or administration.

In addition to the above programs, selected courses will be offered which are appropriate for teachers who are:

1. Serving on a provisional credential.
2. Seeking to improve their technical competence or general education.
3. Working toward a masters degree and/or other school service credential.

Credit earned at Stanislaus State College will be accepted by the California State Department of Education in satisfaction of the requirements for appropriate California school service credentials.
Eligibility

During the 1960-61 school year, a minimum requirement for enrollment at the college is completion of 54 semester units of transferable work at an accredited college, with an average grade of "C" or better and are required, also, to have satisfied the lower division general education requirements.

Matriculation

All students seeking to enroll for any course work at the college must: (1) submit an application for admission, (2) file a transcript of all previous college work, (3) complete Form SC-50, Statement of Residence, and (4) submit a health statement. These materials should be submitted to the Associate Dean of Students, Admissions and Records, Stanislaus State College, Turlock, California. A "Notice of Acceptance" will be mailed to the student after the appropriate forms are received and evaluated.

Students who pursue a degree or credential program must, in addition to the four steps described above, submit a declaration of objective and complete personnel tests during the first semester of residence.

Classification of Students

Students at the college are classified in accordance with the following:

Upper Division

Junior. . . . . . . . 54 to 89 semester units
Senior. . . . . . . . 90 semester units or more
Graduate. . . . . . Possession of baccalaureate degree
Regular . . . . . . Registered for more than six units
Limited . . . . . . Registered for six or less units

Application for Admission

Students seeking admission to Stanislaus State College should write to the Office of Admissions and request an outline of admission procedures and forms. The final date for filing applications for admission is the first day of registration for the semester. Students whose applications for admission are completed and filed before the final date will be considered for admission. Those who file on the final date may be considered for provisional admission subject to disenrollment because of failure to meet admission standards.
EVALUATION FOR ADVANCED STANDING

Junior Colleges

Credits earned in accredited junior colleges will be evaluated by the Office of Admissions in accordance with the following provision:

Not more than 64 semester units of credit may be allowed for junior college work. Junior college credit earned after the student has attained upper division standing may be used to satisfy subject requirements, but may not be applied toward the total units required for the bachelor's degree.

From Other Institutions

Credits earned in accredited colleges and universities will be evaluated by the Office of Admissions and advanced standing will be allowed on the basis of evidence submitted. Credit toward the fulfillment of graduation requirements may be allowed only insofar as the courses satisfactorily completed meet the standards and the requirements of the basic course pattern of Stanislaus State College.

Credits earned in non-accredited institutions may be accepted as a basis for advanced standing. They may not be counted toward graduation requirements, however, until completion of 24 semester units with at least a C average at this college.

Extension and Correspondence Credit

A maximum of 24 semester units of extension and correspondence work may be counted toward graduation requirements. Not more than 12 of the 24 semester units may be transferred from other institutions.

Credit for Military Training

Credit is granted for military training in accordance with the American Council on Education Guide to the Evaluation of Educational Experiences in the Armed Services.

Credit by Examination

Any regular student who offers convincing evidence of having achieved the objectives of a course listed in the Stanislaus State College catalog by having taken a similar course in a non-accredited college or through individual study or experiences, may apply for a special examination in that course. A student may receive a maximum of 30 semester units of college credit by special examination. Credit by examination is not available at the graduate level.
Admission to Teacher Education

Admission to the College does not necessarily assure the student admission to the teacher education program. Students should see their major adviser for the criteria for admission to teacher education programs.

REGISTRATION PROCEDURE

A "Permit to Register" is prepared and mailed to the student by the Registrar's Office for each student who has been accepted for admission. The schedule for registration and payment of fees is published in the "Class Schedule and Instructions for Registration" which is issued prior to the start of the academic year. Students should consult this booklet for detailed registration procedures.

Each student admitted will be assigned an adviser whose name will appear on the "Permit to Register". Questions pertaining to academic programs and requirements should be referred to the adviser.

Grade points are assigned to the various grades as follows:

- For each unit of Grade A - 4 points
- For each unit of Grade B - 3 points
- For each unit of Grade C - 2 points
- For each unit of Grade D - 1 point
- For each unit of Grade I - 0 points
- For each unit of Grade F - 0 points

Maximum Load

The maximum load for regular students is 18 semester units of work including audited courses: the only exceptions are made with the approval of the student's department head and completion of a petition to carry an excess load. Regular credit will not be given for a course completed in any semester unless the course appears on the student's approved program card for that semester.
STUDENT FEES

State Fees and Deposits

Materials and Service Fee (semester)
  Each student enrolled for six units or less .................. $ 17.00
  Each student enrolled for over six units ..................... 33.00
  Each student enrolled in the summer (per semester unit) ....... 10.00

Nonresident Tuition:
  Each nonresident student enrolled for 15 units or more ........... 127.50
  Each nonresident student enrolled for less than 15 units
  (per semester per unit or fraction of a unit) .................. 8.50

Late registration fee ................................................. 5.00
Transcript of record fee (no charge for first copy) ................. 1.00
Change of program fee .............................................. 1.00
Failure to meet administratively required appointment or time limit. 2.00
Credential fee ................................................................ 4.00
Check returned for any cause ......................................... 2.00
Extension fee per semester unit ..................................... 8.50

ACADEMIC INFORMATION

Course Numbering System

The numbering system used is a three-digit system. Courses are grouped first into number series indicating the college level at which they are normally taught as follows:

100-199 Freshman courses
200-299 Sophomore courses
300-399 Junior courses
400-499 Senior courses (may be taken for graduate credit by graduate students)
500-599 Graduate courses

Grading System

The following grading system is used by the College:

A - Superior
B - Above average
C - Average
D - Below average
I - Incomplete
F - Failure
P - Passing
W - Withdrew
REQUIREMENTS FOR GRADUATION

General Education

The general education program is a planned sequence of courses outside the student's field of specialization. These experiences are designed to assure that each student who graduates with a baccalaureate degree possesses, in the major fields of human knowledge, the understandings, skills, and appreciations necessary for informed citizenship and continued growth and effectiveness as an educated person.

Each student, for graduation with a baccalaureate degree, must complete a minimum of 45 semester units of general education work satisfying the following pattern and specific requirements:

- Social Sciences ............... 9 semester units
- Natural Sciences ............... 9 semester units
- Literature, Philosophy, or the Arts .......... 6 semester units
- Health and Physical Education .............. 2 semester units
- Oral and Written Expression ............... 3 semester units
- Psychology ................... 2 semester units
- Additional units .............. 14 semester units

General Education Minimum ...... 45 semester units

Bachelor of Arts Degree

For graduation with the B.A. degree, a student must:

1. Satisfy the college general education requirements as described above.

2. Complete a minimum of 124 semester units of acceptable college credit, at least 40 semester units of which must be in courses number 300 or above and taken after attaining upper division standing.

3. Complete a minimum of 24 semester units in residence at this college. At least 18 of these units must be completed among the last 20 semester units counted toward the degree.

4. Complete a Liberal Arts major of not less than 24 semester units.

5. Complete a minor or such courses as the adviser may suggest, of not less than 12 semester units. (Teacher Education candidates normally will satisfy this requirement through course work taken for school service credentials.)
Bachelor of Education Degree

For graduation with the B.Ed. degree a student must:

1. Complete 1, 2, and 3, as described under the requirements for the B.A. degree

2. Complete a minimum of 15 semester units in subject fields, with not less than 3 quarter units to be completed in each of at least four of the following fields:
   a. Art
   b. English and Speech
   c. Physical Education, Health, and Hygiene
   d. Mathematics
   e. Music
   f. Social Science
   g. Natural Science

3. Complete a major in elementary education of not less than 36 semester units.

PROVISIONS FOR SPECIALIZED COURSES

During the first semester, physical science classes requiring laboratory facilities will not be offered. If there is sufficient student demand, arrangements will be made during the second semester to provide such courses.

Stanislaus State College will work cooperatively to provide college credit for college level courses offered on television. Details of arrangements and policies will be announced.

APPLICATION FOR ADMISSION

Name (Print) Last First Middle

Permanent Address No. Street

City County State

Present mailing address if different

If your address has not always been in California, when did your present stay in California begin: Mo. Day Year

Of what country are you a citizen:

Married: Male: Female:

Are you a veteran: Will you attend college under one of the Federal Public Laws: Which one:

Have you previously applied for admission to a State College (If Yes) Name of State College

Have you ever attended a State College (If Yes) When

Full-time Limited Summer Session Extension

When do you wish to enter Stanislaus State College

Do you wish to enroll Full-time (more than 6 units)

Limited (6 or fewer units) Extension Summer Session

In which curriculum do you intend to enroll? Degree

Major (Please choose from list) Do you desire a teaching credential: Yes No Which credential

Beginning with the high school from which you graduated, list below in chronological order a complete history of your education and experience including all colleges in which you have enrolled and any military service. Please send to the Admissions Office official transcripts of high school records and college records, for permanent filing. If you desire credit for military service, submit also a photostatic copy of your separation papers.

School, College or Firm Location Date entered Date left Degree Date
